

Retail

Countrywide have support many well known high street brands in managing asbestos compliance.

Managing and minimising trading loss is critical to our added value. Out of hours working, use of false walls to segregate trading versus working areas, noise management, waste and transit route planning have been important in our success.

Value of works:

£4.5M

Length of time in retail

12 years

Scope:

Undertake Principal Contractor role as required.

All regulatory notifications
